have been formally thanked by the CCC and PC. It was agreed the PC will formally thank once the work is completed and Cllr Criswell advised CCC will do this also.

Cllr Robin Carter: Emailed the following report: *Please convey my apologies. The only issue I was going to raise was the impact of two planning matters, that of departure sites and the update to the scheme of officer delegation for determination of "single dwelling" matters. I will leave Mike to deal with both of these. From my perspective the recent Local Service Centre (LSC) issue has led me to reconsider whether I want to stand for election as a Conservative, I have concluded that I do not and as a result have withdrawn my application. This decision has not been taken lightly, but given the strength of feeling within the community together with the way in which the matter was dealt with by HDC Leadership has led me to this conclusion. I still believe that the draft local plan on the whole is a good document and will serve the District well, but sadly not Bluntisham if it is adopted in its current form. The lack of any evidence to justify the creation of the LSC despite receiving assurances at scrutiny together with the inconsistency in the justification process is a serious flaw in the development of this strategy. I do not know who will now be selected to represent the Conservatives, no doubt they will introduce themselves to the parish councils over the coming weeks. In conclusion I have thoroughly enjoyed my past 5+ years as the District representative for this ward and the three parishes in particular.* The PC thanked Cllr Carter for his support during these 5 years and wish him well with his future plans.

Cllr Mike Francis: advised Giffords Farm has not been included within the local plan 2036 due to the infrastructure and traffic flow. Further traffic surveys are likely to be carried out by the developer. Single dwelling applications that are not in a conservation area can only be called in to DMC by the Ward Councillors. The policy took effect from 1st March. There needs to be clear planning policy statements presented in support. There is now a 28 day (increased from 21 days) period for calling in and this should hopefully allow sufficient time for representations from the PC and/or Parishioners.

There was a recent DMC training session. The essence of this is that because HDC's planning policies are out of date, it will be more difficult to defend against proposed large scale housing applications until the Local Plan is adopted.

Finally Cllr Francis advised he will not be standing as a candidate for the conservatives in the May election. A copy of this resignation can be found as *appendix 1*

Mr Rob Gore raised comments from the infrastructure delivery plan which states that as a result of Bluntisham changing its status to a LSC a desirable amount of improvements are required, these are at a cost of £8million. 90% of this expenditure is unidentifiable. Where this investment will come from is not identified in the IDP.

Mrs Philippa Hope advised that since the Local Plan 1995 Bluntisham has had 99 new dwellings which is an approximate 12% increase. The question "What has changed to the village since the 1995 Local Plan" has been made to HDC as the services available now are less than in 1995 due to the loss of the post office.

Cllr Criswell advised he was disappointed with Cllr Francis & Cllr Carters decision to stand down and will miss working alongside them. He thanked both and wished them well.

The finance committee confirmed they have not increased the precept in 3 years and will closely monitor the budget throughout the coming year and if possible look to reduce the precept for the following year.</p> <ul style="list-style-type: none"> Allotment - Mr Roger Steel advised some minor thefts had taken place, but no further issues to report.
